# Wrist Blood Pressure Monitor BC30

- Fully automatic blood pressure and pulse measurement on the wrist (**Clinically tested**)
- Large, easy-to-read LCD display
- 3 x 40 memory spaces
- WHO (World Health Organization) classification
- Warns of pos. disturbances of the cardiac rhythm (arrhythmia detection)
  - Signaling of operating errors
  - For wrist circumference of 13.5-19.5 cm
  - Automatic switch-off function
  - Incl. batteries and storage bag
  - Change battery indicator

## *Arrhythmia detection*

*This instrument can identify possible heart rhythm disturbance during measurement and if necessary indicates the measurement.*

**Amco Item Code: DR1702030**

**Price: \$120.00** Vat Exclusive

Alstons Marketing Company Ltd.

## Wrist Blood Pressure Monitor BC32

- Average of all saved measured values and morning and evening blood pressure for the last 7 days
- Fully-automatic measurement on the wrist
- For wrist circumference of 13.5-19.5 cm
- Blood pressure passport
- WHO (World Health Organization) classification
- 2 x 60 memory spaces
- Warns of pos. disturbances of the cardiac rhythm (arrhythmia detection)
- Time and date
- Automatic switch-off function
- Change battery indicator

### *Arrhythmia detection*

*This instrument can identify possible heart rhythm disturbance during measurement and if necessary indicates the measurement.*

**Amco Item Code: DR1702031**

**Price: \$125.00** Vat Exclusive

# Wrist Touchscreen Blood Pressure Monitor BC58

- ❖ Fully-automatic measurement on the wrist
- ❖ Touch Screen Display
- ❖ WHO classification and arrhythmia detection
- ❖ 2 x 60 memory spaces
- ❖ Large, easy-to-read LCD display
- ❖ Average of all saved measured values and morning and evening blood pressure for the last 7 days
- ❖ With USB cable and Health Manager software download for free under:  
<https://connect.beurer.com/Download/Common/Software.aspx>
- ❖ Time and date
- ❖ For wrist circumference of 14-19.5 cm
- ❖ Signaling of operating errors
- ❖ Change battery indicator
- ❖ Automatic switch-off function
- ❖ Incl. batteries and storage box
- ❖ Key lock to avoid pushing by mistake

### *Arrhythmia detection*

*This instrument can identify possible heart rhythm disturbance during measurement and if necessary indicates the measurement.*

**Amco Item Code: DR1702034**

**Price: \$210.00** Vat Exclusive

# Upperarm Blood Pressure Monitor BM40

- Fully-automatic measurement on the upper arm
- Large, easy-to-read LCD display
- Signaling of operating errors
- WHO classification
- Warns of pos. disturbances of the cardiac rhythm (arrhythmia detection)
- Medical product
- 2 x 60 memory spaces
- For upper arm circumferences of 22 - 35 cm
- Suitable for use with mains adapter
- Automatic switch-off function
- Incl. batteries and storage bag
- Change battery indicator

## *Arrhythmia detection*

*This instrument can identify possible heart rhythm disturbance during measurement and if necessary indicates the measurement.*

**Amco Item Code: DR1702033**

**Price: \$165.00** Vat Exclusive

# Upperarm Blood Pressure Monitor BM26

- Fully-automatic measurement on the upper arm
- Large, easy-to-read LCD display
- 4 x 30 memory spaces
- For upper arm circumferences of 22 - 35 cm
- WHO classification
- Average of last measured values
- Time and date
- Automatic switch-off function
- Warns of pos. disturbances of the cardiac rhythm (arrhythmia detection)
- Change battery indicator
